Wellington Bridge Member Survey 2016

SLOW PLAY: *In the last survey a number of members indicated that slow play affected their enjoyment of the game. Since then, we have taken steps to reduce slow play, including regular reminders to players and careful monitoring. We note that it can be difficult for directors to correctly identify the cause of delays, and that many habitual slow players resist acknowledging their habit - both can cause frustration and tension. If you feel current attempts by directors to address slow play are sufficient, skip this question. If you feel these efforts are not sufficient to address slow play, which of the following options would you support?*

SLOW PLAY Answer Options		Response Count
Skipped question	43%	73
More frequent application of procedural penalty	44.6%	75
Boards "not played" if not scored	15.5%	26
Players call the director	24.4%	41
